Slow Cheetah by Red Hot Chili Peppers

Waking up (1) inside of my head	Before my forest
Will never never do there is no med	Looks like it's on today
No medicine to take	Slow cheetah come
I've had a chance to be insane	It's so euphoric
Asylum from the falling rain	No matter what they say
I've had a (2) to break	Everyone has
It's so bad it's got to be good	So (8) to say
Mysterious girl misunderstood	They talk, talk, talk
Dressed like a wedding cake	Their lives away
Any other day and I might play	Don't even hesitate
A funeral march for Bonnie Brae	Walking on down
Why try and run away	To the burial ground
Slow cheetah come	It's a very old dance
Before my forest	With a merry old sound
Looks like it's on today	Looks (9) it's on today
Slow cheetah come	Slow cheetah come
It's so euphoric	Before my forest
No matter what (3) say	Looks like it's on today
I (4) a girl	Slow cheetah come
She worked in a store	It's so euphoric
She knew not what	No matter what they say
Her life was for	Slow cheetah come
She barely knew her name	Before my forest
They (5) to tell her	Looks like it's on today
She would (6) be	Slow cheetah come
As happy as the girl	It's so euphoric
In the magazine	No matter what they say
She (7) it with her pay	
Slow cheetah come
