Fill in the gaps

Across The Universe by The Beatles

Vords are flying out	Nothing's gonna change my world
ike endless rain into a paper cup	Nothing's (6) change my world
They slither while they pass	Nothing's (7) change my world
They slip away across the universe	Sounds of (8) shades of life
Pools of sorrow waves of joy	Are ringing through my open ears
Are drifting thorough my open mind	Exciting and inviting me
Possessing and caressing me	Limitless undying love
Jai guru deva om)	Which shines around me like a million suns
Nothing's (1) change my world	It calls me on and on (9) the universe
Nothing's gonna change my world	(Jai guru deva om)
Nothing's gonna change my world	Nothing's gonna change my world
Nothing's gonna change my world	Nothing's gonna change my world
mages of (2) light	Nothing's gonna change my world
Which (3) before me like a million eyes	Nothing's gonna change my world
That (4) me on and on across the universe	(Jai guru deva)
Thoughts meander like a restless wind inside a letter box	(Jai guru deva)
They tumble blindly	(Jai guru deva)
As they make their way across the universe
