

And tell me, did Venus blow your mind

Fill in the gaps

Now that she's (1) in the atmosphere	Was it everything you wanted to find
With drops of (2) in her hair	And did you miss me (6) you were looking
(Hey, hey, hey, hey)	For yourself out there
She (3) like summer and walks like rain	Can you imagine no love, pride, deep-fried chicken
Reminds me that there's time to change	Your best friend always (7) up for you
(Hey, hey, hey, hey)	Even when I know you're wrong
Since the return from her stay on the moon	Can you imagine no first dance
She listens like spring and she talks like June	Freeze dried romance five-hour phone conversation
(Hey, hey, hey, hey)	The best soy latte that you ever had and me
(Hey, hey, hey, hey)	Tell me did the (8) sweep you off your feet
Tell me did you sail across the sun	Did you finally get the chance to dance along the light of day
Did you make it to the milky way to see the lights all faded	And head back toward the milky way
And that heaven is overrated	Tell me did you sail across the sun
But tell me, did you fall for a shooting star	Did you make it to the milky way to see the lights all faded
One without a permanent scar	And that heaven is overrated
And did you miss me while you were looking	Tell me, did you fall for a shooting star
For yourself out there	One without a (9) scar
Now that she's back from that soul vacation	And did you miss me while you were looking for yourself
Tracing her way through the constellation	(Nah nah nah nah nah nah)
(Hey, hey, hey)	(Nah nah nah nah nah nah)
(Mmmm)	And did you finally get the chance
She checks out Mozart while she does tae-bo	To dance along the light of day
Reminds me that there's room to grow	(Nah nah nah nah nah)
(Hey, hey, hey yeah)	(Nah nah nah nah nah)
Now that she's back in the atmosphere	And did you fall for a shooting star
I'm afraid that she might think of me as plain ol jane	Fall for a (10) star
Told a story (4) a man who is too afraid to fly	(Nah nah nah nah nah)
So he (5) did land	(Nah nah nah nah nah)
Tell me did the wind sweep you off your feet	Are you lonely looking for yourself out there
Did you finally get the chance to dance along the light of day	
And head back to the milky way
