

## Fill in the gaps

Ten miles from town and I (1) broke down	After the life we've been through
Spittin' out smoke on the side of the road	'Cause I know there's no life after you
I'm out here alone just tryin' to get home	You and I, right or wrong, there's no other one
To tell you I was wrong but you already know	After this time I spent alone
Believe me I won't stop at nothin'	It's hard to believe (7) a man with sight could be so
To see you so I've started runnin'	blind
All that I'm after is a life full of laughter	Thinkin' 'bout the better times, must've been outta my mind
As long as I'm laughing (2) you	So I'm runnin' back to tell you
I'm thinkin' that all that still matters is love (3) after	All that I'm after is a life full of laughter
After the life we've been through	Without you God knows what I'd do
'Cause I know there's no life after you	All that I'm after is a life (8) of laughter
Last time we talked, the night that I walked	As long as I'm laughing with you
Burns (4) an iron in the (5) of my mind	I'm thinkin' that all that still matters is love ever after
I must've been high to say you and I	After the life we've been through (yeah!)
Weren't meant to be and just wasting my time	I know there's no life after you
Oh, why did I ever doubt you?	I know there's no life after you
You know I would die here without you	I know there's no life after you
All that I'm after is a life full of laughter	I know there's no life after you
As long as I'm laughing with you	I know there's no life (9) you (yeah)
I'm thinkin' that all (6) still matters is love ever after
