

## Fill in the gaps

| My breath smells of a thousand fags             | My song, my song                   |
|---|------------------------------------|
| And when I'm drunk I (1) (2) me Dad             | If I did it all again I'd be a nun |
| I've (3) to (4) a bit like him                  | The rain was never (15) (16) I was |
| Early morning when I wake up                    | young                              |
| I look (5) Kiss but without the make up         | I'm still young we're still young  |
| And that's a good line to take it to the bridge | Life's too short to be afraid      |
| And you (6) and you know                        | Step inside the sun                |
| Cos my life's a mess                            | And you know and you know          |
| And I'm trying to grow                          | Cos my life's a mess               |
| So (7) I'm old I'll confess                     | And I'm trying to grow             |
| You (8) that I'm strong                         | You think (17) I'm strong          |
| You're wrong                                    | You're wrong, you're wrong         |
| You're wrong                                    | I'll sing my song                  |
| I'll sing my song                               | My song, my song                   |
| My song   | (You think (18) I'm strong)        |
| My song   | (You're wrong, you're wrong)       |
| My bed's full of takeaways and fantasies        | (I'll sing my song)                |
| Of (9) lays                                     | (My song, my song)                 |
| The pause button's (10) on my video             | Life's too short to be afraid      |
| And is (11) real cos I feel fake                | So (19) a (20) to numb the pain    |
| Oprah (12) Ricki Lake                           | You don't (21) to take the blame   |
| Teach me (13) I don't need to know              | Life's too (22) to be afraid       |
| And you know and you know                       | So (23) a pill to numb the pain    |
| Cos my life's a mess                            | You don't have to take the blame   |
| And it's starting to show                       | Life's too short to be afraid      |
| So before I'm old I'll confess                  | So take a (24) to numb the pain    |
| You think (14) I'm strong                       | You don't (25) to take the blame   |
| You're wrong, you're wrong                      |                                    |
| I'll sing my song                               |                                    |
