

Fill in the gaps

_ a war?

I'm waiting for my (1) to come		Now we're tumbling down
I'm waiting for the (2) to begin		We're spiralling
I'm waiting for a revelation		Tied up to the ground
I'm waiting for someone to count me in		We're spiralling
Because now I only see my (3)	in everything I	Did you wanna be a winner?
touch		Did you wanna be an icon?
Feel (4) cold hands on everything	(5)	Did you wanna be famous?
I love		Did you wanna be the president?
Cold like some magnificent skyline		Did you wanna (8) a wa
Out of my reach but always in my eye line		Did you wanna have a family?
Now we're tumbling down		Did you wanna be in love?
We're spiralling		Did you (9) be in love?
Tied up to the ground		When we (10) in love
We're spiralling		We're just falling
I fashioned you from jewels and stone		In love with ourselves
I made you in the image of myself		We're spiralling
I gave you everything you wanted		We're tumbling down
So you would never know (6)	_ else	We're spiralling
But (7) time I reach for you		Tied up to the ground
You slip through my fingers		We're spiralling
Into cold sunlight		
Laughing at the things that I had planned		
The map of my world gets smaller as I sit here		
Pulling at the loose threads
