

Fill in the gaps

I hope this old train breaks down	(Oh) please just let me please breakdown
Then I could take a walk around	I need this old train to breakdown
See what there is to see	(Oh) please just let me (8) breakdown
Time is just a melody	I want to break on down
With all the people in the street (1) fast as	But I can't stop now
their feet	Let me break on down
Can (2) them, I (3) roll through town	But you can't stop nothing if you got no control
And though my window's got a view	Of the thoughts in your mind that you kept and you know
Well the (4) I'm looking through	That you don't know nothing but you don't need to know
Seems to have no concern for now	The wisdom's in the trees not the glass windows
So for now I	You can't stop wishing if you don't let go
I need (5) old train to breakdown	Of the things that you find and you lose and you know
(Oh) please just let me please breakdown	You keep on rolling, put the moment on hold
Well this (6) screams out loud	(Because) the frame's too bright, so put the blinds down low
Centipede going to crawl westbound	I need this old train to breakdown
So I don't even make a sound	(Oh) please (9) let me please breakdown
Cause it's (7) to sting me when I leave this town	I need this old train to breakdown
And all the people in the street that I'll never get to meet	(Oh) please just let me please breakdown
If these tracks don't bend somehow	I want to break on down
And I got no time	But I can't stop now
That I got to get to where I don't need to be	
So I	
I need this old train to breakdown
