

Fill in the gaps

(1) (2) old train breaks down	(On) please just let me (13) breakdown
Then I could take a walk around	I need this old train to breakdown
See (3) there is to see	(Oh) please just let me please breakdown
Time is just a melody	I (14) to (15) on down
With all the people in the street walking fast as their feet	But I can't stop now
Can take them, I (4) roll through town	Let me break on down
And though my window's got a view	But you can't stop nothing if you got no control
Well the frame I'm looking through	Of the thoughts in your (16) (17) you
Seems to (5) no concern for now	kept and you know
So for now I	That you don't (18) (19) but you
I (6) this old (7) to breakdown	don't need to know
(Oh) please just let me (8) breakdown	The wisdom's in the trees not the glass windows
Well this engine screams out loud	You can't (20) wishing if you don't let go
Centipede going to crawl westbound	Of the things (21) you (22) and you lose
So I don't (9) make a sound	and you know
Cause it's (10) to sting me when I leave this	You keep on rolling, put the moment on hold
town	(Because) the frame's too bright, so put the blinds down low
And all the (11) in the street that I'll never get	I need this old train to breakdown
to meet	(Oh) please just let me please breakdown
If these tracks don't bend somehow	I need this old (23) to breakdown
And I got no time	(Oh) please just let me please breakdown
That I got to get to where I don't need to be	I (24) to (25) on down
So I	But I can't stop now
I need this old (12) to breakdown
