

## Fill in the gaps

This was a triumph	For the people that are still alive
I'm making a note here	Go ahead and leave me
HUGE Success	I think I prefer to stay inside
It's hard to (1) my satisfaction	Maybe you'll find someone else to help you
Aperture Science	Maybe black mesa
We do what we must because we can	That was a joke (HA, HA)
For the good of all of us	Fat chance
Except for the ones who are dead	Anyway this cake is great
But there's no sense crying over every mistake	It's so delicious and moist
You (2) keep on trying (3) you run	Look at me still talking
out of cake	When there's science to do
And the science gets done and you make a neat gun	When I (8) out there it makes me glad
For the people who are still alive	I'm not you
I'm not even angry	I've experiments to run
I'm (4) so sincere right now	There is (9) to be done
Even (5) you broke my heart and killed me	On the people who are still alive
And tore me to pieces	And believe me I am still alive
And threw every (6) into a fire	I'm doing science and I'm (10) alive
As they burned it hurt because	I feel FANTASTIC and I'm still alive
I was so happy for you!	While you are dying I'll be still alive
Now these points of data	And when you're dead I'll be still alive
Make a wonderful line	Still alive
And we're out of beta	Still alive
We're releasing on time	
So I'm glad	
I got burned	
Think of all the (7) we learned	

- 1. overstate
- 2. just
- 3. until
- 4. being
- 5. though
- 6. piece
- 7. things
- 8. look
- 9. research
- 10. still
