

Even if the sky is falling down

Fill in the gaps

Baby are you down? down, down	You'll be my only
Even if the sky is falling down, down, down	No need to worry
You already know	Baby are you down? down, down, down
Tonight is the night to let it go	Baby are you down? down, down, down
Put on a show	Even if the sky is falling down
I wanna see how you lose control	Down like she's (6) to be
So leave it behind, (1) we have a night to get	She (7) down me
away	Down like her temperature
So come on and fly with me	Cause to me she's zero degrees
As we make our great escape	She's cold, over freeze
So baby don't worry	I got that girl from over seas
You are my only	Now she's my Miss America
You won't be lonely	Now can I be her soldier, please?
Even if the sky is (2) down	I'm fighting for this girl on the battlefield of love
You'll be my only	Got me (8) like baby Cupid
No (3) to worry	Sending arrows (9) above
Baby are you down? down, down	Don't you ever leave the side of me
Baby are you down? down, down	And waiting definitely, not probably
Even if the sky is falling down	And honestly I'm down like that economy
Just let it be	Baby don't worry
Come on and bring your body next to me	You are my only
I'll take you away	You won't be lonely
Turn this place (4) our private getaway	Even if the sky is falling down
So leave it behind, cause we have a night to get away	You'll be my only
So come on and fly (5) me	No need to worry
As we make our great escape	Baby are you down? down, down, down
So why don't we run away	Baby are you down? down, down, down
Baby don't worry	Even if the sky is falling down
You are my only	
You won't be lonely
