

Till the bird on the wire

## Fill in the gaps

Sitting (1) wasted and wounded	Flies me back to you
At this old piano	I'll just close my eyes and whisper
Trying hard to capture the moment	Baby blind love is true
This morning I don't know	I want to lay you down in a bed of roses
Cause a bottle of vodka	For (3) I (4) on a bed of nails
s still lodged in my head	I want to be just as close as the (5) Ghost is
And some blonde gave me nightmares	And lay you down on a bed of roses
think that she's still in my bed	Where the hotel bar (6) whiskey's gone
As I dream about movies	dry
They won't make of me when I'm dead	The barkeeper's wig's crooked
Nith an ironclad fist I wake up	And she's giving me the eye
And French kiss the morning	I might have said yeah
While some marching band keeps	But I laughed so hard I think I died
ts own beat in my head	Now as you close your eyes
While we're talking	Know I'll be thinking about you
About all of the things that I long to believe	While my mistress she calls me
About love and the truth	To stand in her spotlight again
And what you mean to me	Tonight I won't be alone
And the truth is	But you know that don't
Baby you're all that I need	Mean I'm not lonely
want to lay you down in a bed of roses	I've got nothing to prove
For tonight I sleep on a bed of nails	It's for you that I'd die to defend
want to be just as close as the Holy Ghost is	I want to lay you down in a bed of roses
And lay you down on a bed of roses	For tonight I sleep on a bed of nails
Vell I'm so far away	I (7) to be just as close as the (8) Ghost
That each step (2) I take is on my way home	is
A king's ransom in dimes	And lay you down
'd given each night	I want to lay you down in a bed of roses
lust to see through this payphone	For tonight I sleep on a bed of nails
Still I run out of time	I (9) to be (10) as close as the Holy
Or it's hard to get through	Ghost is

And lay you down in a bed of roses
