

Fill in the gaps

You have my heart	You can (11) under my umbrella
And we'll never be (1) apart	(Hey, hey, hey)
Maybe in magazines	You can run into my Arms
But you'll still be my star	It's okay don't be alarmed
Baby cause in the dark	Come into Me
You can see shiny cars	There's no distance in (12) our love
And that's when you need me there	Gonna let the rain pour
With you I'll always share	I'll be all you need and more
Because	You can stand, you can stand, you can stand
When the sun shines, we'll (2) together	When the sun shines, we'll (13) together
Told you I'll be here forever	Told you I'll be here forever
That I'll always be (3) friend	That I'll (14) be your friend
Took an oath I'm a stick it out till the end	Took an oath I'm a (15) it out till the end
Now (4) it's (5) more than ever	Now that it's raining more than ever
Know that we still have each other	Know (16) we still have each other
You can stand under my umbrella	You can (17) under my umbrella
You can (6) under my umbrella	You can stand under my umbrella
You can stand under my umbrella	You can stand under my umbrella
(Hey, hey, hey, hey)	(Hey, hey, hey)
These fancy things, will (7) come in between	When the sun shines, we'll shine together
You're part of my entity, here for Infinity	Told you I'll be (18) forever
When the war has (8) it's part	That I'll (19) be (20) friend
When the world has dealt it's cards	Took an oath I'm a stick it out till the end
If the hand is hard, together we'll mend your heart	Now that it's raining (21) than ever
Because	Know (22) we still have (23) other
When the sun shines, we'll shine together	You can (24) under my umbrella
Told you I'll be (9) forever	You can (25) under my umbrella
That I'll always be your friend	(You can stand, you can stand, you can stand)
Took an oath I'm a stick it out till the end	(Oh you can stand)
Now that it's (10) more than ever	(You can stand, you can stand, you can stand)
Know that we still have each other	(Umbrella)
You can stand under my umbrella	
You can stand under my umbrella	

Answe 1. worlds
