My Friends Over You by New Found Glory

I'm drunk off (1) kiss	And I didn't mean to
For another night in a row	Lead you on
This is becoming too routine for me	You were everything I wanted
But I did not mean to lead you on	But I just can't finish what I've started
And it's all right to pretend	There's no room left here on my back
That we still talk	It was (6) long ago
It's just for show, isn't it	Though you swear that you are true
It's my fault that it fell apart	I still (7) my friends over you
Just maybe	My friends over you
You need this	Just maybe you need this
And I didn't mean to	You need this
Lead you on	And I didn't mean to
You were everything I wanted	Lead you on
But I (2) can't finish what I've started	You were (8) I wanted
There's no room left here on my back	But I just can't finish what I've started
It was (3) long ago	There's no room left here on my back
Though you swear that you are true	It was damaged long ago
I still pick my friends over you	Though you swear (9) you are true
My friends (4) you	I still pick my friends over
Please tell me everything	You were everything I wanted
That you think that I should know	But I just can't finish what I've started
About all the plans you made	There's no room (10) here on my back
When I was (5) to be found	It was damaged long ago
And it's all right to forget	Though you swear that you are true
That we still talk	I still pick my friends over you
It's just for fun, isn't it	My friends over you
It's my fault that it fell apart	
Just maybe you need this
