

## Fill in the gaps

| I (1)                                 | to know how does it feel |  |  |
|---------------------------------------|--------------------------|--|--|
| Behind those eyes of blue             |                          |  |  |
| You've made your mistakes             |                          |  |  |
| And now your heart aches              |                          |  |  |
| Behind those eyes of blue             |                          |  |  |
| People may say you've had your chance |                          |  |  |
| And let it slip a                     | away                     |  |  |
| But hard as the                       | ey try                   |  |  |
| There's a (2)_                        | that won't die           |  |  |
| Behind those eyes of blue             |                          |  |  |
| Maybe once in a while                 |                          |  |  |
| There's a trace of a smile            |                          |  |  |
| Behind (3)                            | eyes of blue             |  |  |
| But it's (4)                          | clear                    |  |  |
| There's a river of tears              |                          |  |  |
| Behind those eyes of blue             |                          |  |  |
| Behind those eyes                     |                          |  |  |
| Behind those eyes                     |                          |  |  |
| Behind (5)                            | eyes                     |  |  |

| You know life is too shor        | τ            |         |  |

| For comprimising                 |              |         |  |
| Take a (6) of your dream         |              |         |  |
| And (7)                          | _ it         |         |  |
| You know there's nothing left    |              |         |  |
| To stand in your way             |              |         |  |
| Except yourself and I know       |              |         |  |
| Though your heart's full of pain |              |         |  |
| That a hope still remains        |              |         |  |
