

Fill in the gaps

Best I ever had by Gavin DeGraw

Melt Antarctica, saving Africa
I failed algebra and I miss you sometimes
We're at war again
Save the world again
You can all join in
But you can't smoke inside
You said "take me home, I can't stand this place
(1)_____ there's too many hipsters
And I just can't relate"
You're my neon gypsy, my desert rain
You're my helter skelter
Oh how can I explain
That you're the best I ever had
And I'm trying not to get stuck in my head
But I read that soda kills you and Jesus saves
On a bathroom wall where I saw (2)_____ name
You're the best I ever had
I won't be the same
Night sky full of drones
This (3)_____ of clones
I'm looking at the crowd and
They're staring at their phones
They groom the coastline here
It's starting to disappear -Oh my God-
And maybe once a year
I think to clean my car
I caught my reflection, I dropped the call
I've been medicating with cigarettes and alcohol
I got vertigo, no I can't see straight

I got obligations though I'm usually late
But you're the best I ever had
And I'm trying not to get stuck in my head
But I think I dropped my wallet in Santa Fe
(4)_____ the only picture I had of you that day
And you're the best I ever had
I won't be the same
Hey West Virginia, Hey North Dakota
I think I love you but don't even know you
Hey Massachusetts, Hey Minnesota
I think I (5)_____ you but don't even know you
Hey Carolina, Hey Oklahoma
I think I (6)_____ you but don't even know you
Hey Alabama, Hey California
I think I (7)_____ you but don't even know you
You're the best I ever had
And I'm trying not to get (8)_____ in my head
But I passed a lonely sign on the interstate
Saying "find (9)_____ before it gets too late"
You're the best I ever had
I won't be the same
Hey West Virginia, Hey North Dakota
I think I love you but don't even know you
Hey Massachusetts, Hey Minnesota
I think I love you but don't even know you
Yeah, I won't be the same

Fill in the gaps

Answer

1. Because
2. your
3. neighborhood
4. Lost
5. love
6. love
7. love
8. stuck
9. someone
