Melt Antarctica, saving Africa	I got obligations though I'm usually late
I failed (1) and I miss you sometimes	But you're the (6) I ever had
We're at war again	And I'm trying not to get stuck in my head
Save the world again	But I think I dropped my wallet in Santa Fe
You can all join in	Lost the only picture I had of you that day
But you can't smoke inside	And you're the best I ever had
You said "take me home, I can't (2) this pla	ace I won't be the same
Because there's too many hipsters	Hey West Virginia, Hey North Dakota
And I just can't relate"	I think I love you but don't even know you
You're my neon gypsy, my desert rain	Hey Massachusetts, Hey Minnesota
You're my helter skelter	I think I love you but don't even know you
Oh how can I explain	Hey Carolina, Hey Oklahoma
That you're the best I ever had	I think I love you but don't even know you
And I'm trying not to get stuck in my head	Hey Alabama, Hey California
But I read that soda kills you and Jesus saves	I think I love you but don't even know you
On a bathroom wall where I saw your name	You're the best I ever had
You're the best I ever had	And I'm (7) not to get stuck in my head
I won't be the same	But I passed a lonely sign on the interstate
(3) sky full of drones	Saying "find someone before it gets too late"
This neighborhood of clones	You're the best I ever had
I'm looking at the crowd and	I won't be the same
They're staring at their phones	Hey West Virginia, Hey North Dakota
They groom the (4) here	I think I love you but don't (8) know you
It's starting to disappear -Oh my God-	Hey Massachusetts, Hey Minnesota
And maybe once a year	I think I love you but don't even know you
I (5) to clean my car	Yeah, I won't be the same
I caught my reflection, I dropped the call	
I've been medicating with cigarettes and alcohol	
I got vertigo, no I can't see straight
