Can you take it all away?

Fill in the gaps

Everything's so blurry and everyone's so fake	Well you shoved it in my face
And everybody's empty and everything is so messed up	This pain you gave to me
Preoccupied (1) you I cannot live at all	Can you take it all away?
My whole world surrounds you, I stumble then I crawl	Can you take it all away
You could be my someone	Well you shoved it in my face
You (2) be my seed	Explain again to me
You know that I'll protect you from all of the obscene	Can you take it all away?
I wonder what you're doing, imagine where you are	Can you take it all away?
There's oceans in between us but that's not very far	Well you shoved it in my face
Can you take it all away?	This pain you gave to me
Can you take it all away?	No, nobody told me what you thought
Well you shoved it in my face	Nobody told me what to say
This pain you gave to me	Everyone showed you where to turn
Can you take it all away?	Told you when to runaway
Can you (3) it all away?	Nobody told you where I hide
Well you shoved it in my face	Nobody told you what to say
Everyone is changing	Everyone (7) you (8) to turn
There's no one left that's real	Showed you where to runaway
To make up your own ending	Can you take it all away?
And let me know just how you feel	Can you take it all away?
Because I am lost (4) you, I cannot live a	at Well you shout it in my face
all	Explain again to me, no
My whole world surrounds you I stumble then I crawl	Explain (9) to me
Then you could be my someone, you could be my seed	You take it all, take it all away
You know that I'll save you from all of the unclean	Explain (10) to me
I (5) I wonder)1
