The last time by Taylor Swift

Fill in the gaps

Found myself at your door
Just like all those times before
I'm not sure how I got there
All roads, they lead me here
I imagine you at home, in your room, all alone
And you open your eyes into mine
And everything feels better
Right before your eyes I'm breaking
And fast, no reasons why
(1) you and me
This is the last time I'm asking you this
Put my name at the top of (2) list
This is the last time I'm asking you why
You break my heart in the (3) of an eye, eye,
eye
You find yourself at my door
Just like all those times before
Just like all those times before You wear your best apology
You wear your best apology
You wear your best apology But I was there to watch you leave
You wear your best apology But I was there to watch you leave And all the (4) to let you in
You wear your best apology But I was there to watch you leave And all the (4) to let you in Just for you to go again
You wear your best apology But I was there to watch you leave And all the (4) to let you in Just for you to go again Disappear when you come back
