

Fill in the gaps

-So (1) me about your mother- (en algunas	Wait until tomorrow, so long
versiones)	And it's gone
Doctor, doctor, could you please just give me	Wait until tomorrow
something	You beg and steal and borrow (17) it's gone
For the (2) I'm in?	-He don't got a lot but he's got all he needs-
I'm (3) (4) and	I need someone to love
(5) believe	-And all he's got (18) it's all that he needs-
I got it (6) again	Somebody help me because
I'm one (7) (8)	I (19) hear the (20) in the tube
I don't think I'm getting over my predicament	To get me through anything
But if I jumped out of the window (9)	I do and anything will do (21) by me
(10) she say?	A little pill, a little thrill
It's not on me, it's all on you	Should I take it? I (22) I will
We can't deny the things we do	And anything (23) do good so
I can't believe her pretty feet	As long as it's always too good
Walked over me, all over me	Either way I don't give a d*mn
Help me, help me doctor	What you people all say
It seems to be an awful lot for me to understand	All now boy
I know I'm not a specimen	It's not on me, it's all on you
The troubles and the mess I'm in	I can't deny the (24) I do
I (11) be dead	I can't believe her (25) feet
He said, let's all think	Walked (26) me, all over me
Then you've had all your fun	It's not on me, it's all on you
It's (12) to be a man	There (27) a (28) to speak the truth
So you better quit your bitc*ing	So you can see me when I leave
Think about (13) the (14)	Walk over you, all over you yeah
(15) say	
It's not on me, it's all on you	
I can't prescribe what you want me to	
You need some sleep, you better leave	
He walked over me, all over me	
(16) until tomorrow, and it's gone	
So long
