Skyfall (BSO James Bond) by Adele

This is the end	At skyfall
Hold your breath and count to ten	-Let the skyfall, when it crumbles
Feel the earth move and then	We will stand tall
(1) my heart burst again	Let the skyfall, when it crumbles
For this is the end	We will stand tall-
I've drowned and dreamt this moment	(9) you go I go
So overdue I owe them	What you see I see
(2) away, I'm stolen	I know I'd never be me
Let the skyfall when it crumbles	Without the security of your loving arms
We will stand tall	Keeping me from harm
Face it all together	Put your (10) in my hand
Let the skyfall, (3) it crumbles	And we'll stand
We will stand tall	Let the skyfall, when it crumbles
Face it all together	We will stand tall
At skyfall, at skyfall	Face it all together
(4) is where we start	Let the skyfall, when it crumbles
A thousand miles and poles apart	We will stand tall
(5) worlds collide and days are dark	Face it all together
You may have my number	Let the skyfall, when it crumbles
You can take my name	We will stand tall
But you'll never have my heart	Face it all together
Let the skyfall, when it crumbles	At skyfall
We will stand tall	Let the skyfall
(6) it all together	We will stand tall
At skyfall, at skyfall	At skyfall
Let the skyfall, when it crumbles	
We (7) stand tall	
(8) it all together
