

Fill in the gaps

Like a grain on the beach	We don't need to (4) every word they say,
Like a star in the sky	no
Far too many to count with the naked eye	They don't know me
(1) won't see you	You're the one who looks (5) through me
Go ahead	Now you're saying that you (6) me
Walk on by	(7) I was invisible
You don't know I'm alive	And you're the one who walked right through me
Maybe one day you'll find	Now (8) saying that you knew me
You should (2) your eyes	When I was invisible
You don't know me	It's so easy to be lost
You're the one who looks right through me	But maybe you're not lost at all
Now you're saying that you knew me	Do you recognize me?
When I was invisible	Do you know who I am?
And you're the one who walked right through me	Do you see me now?
Now you're saying that you knew me	Do you see me now?
When I was invisible	You're the one who looks right (9) me
Little things adding up	Now you're saying that you knew me
Try so hard not to rush	When I was invisible
Giving in, letting go off the world we know	And you're the one who walked (10) through
They won't see you	me
Force it down	Now you're saying that you knew me
Lose the taste	When I was invisible
(3) all think it's a waste	I'm invisible. I'm invisible
