

Fill in the gaps

Like a grain on the beach	We don't need to believe every word they say, no
Like a star in the sky	They don't know me
Far too many to (1) with the naked eye	You're the one who looks right through me
They (2) see you	Now you're saying that you knew me
Go ahead	When I was invisible
(3) on by	And you're the one who walked right through me
You don't know I'm alive	Now you're saying that you knew me
Maybe one day you'll find	When I was invisible
You should open your eyes	It's so easy to be lost
You don't know me	But maybe you're not lost at all
You're the one who (4) right through me	Do you recognize me?
Now you're saying that you knew me	Do you know who I am?
When I was invisible	Do you see me now?
And (5) the one who walked right	Do you see me now?
through me	(7) the one who (8) right
Now you're saying that you knew me	through me
When I was invisible	Now you're (9) that you knew me
Little things adding up	When I was invisible
Try so hard not to rush	And you're the one who (10) right through me
Giving in, letting go off the world we know	Now you're saying that you knew me
They won't see you	When I was invisible
Force it down	I'm invisible, I'm invisible
Lose the taste	
They all (6) it's a waste
