Is There Something by Christopher Cross

Lately I see clouds of sorrow in your eyes	And I can't go on
Some (1) sadness you can never quite disguise	At least not (5) this
Now I'm scared to ask what it's leading to	I don't want to (6) you
But I'm more (2) of not asking you	But what's the use of holding on
Is there something that you (3) to tell me	I don't really have you
Is there something that I ought to know	If the feeling's gone
Are we something that's still worth fighting for	Is there something I can do to reach you
Or should I simply let you go	Are we something more than history
Is there something I can do to reach you	If there's no way to convince you to stay
Are we something more than history	And be the way we (7) to be
I'll find some way to convince you to stay	Then there's something that I want to (8) you
If you just tell me honestly	And I want you to believe it's true
Is there something left of you and me	We had something that I'll never forget
You've got secrets you've been keeping for too long	Even if I wanted to
And I'm going crazy acting like there's nothing wrong	'Cause part of me will (9) be with you
I can taste the truth every (4) we kiss
