## You & I by Crystal Fighters

## Fill in the gaps

Happy, spinning, clapping, laughing, dancing	Hand me up oh, sit me down
In the blackness of magic	And I won't ham it up
Get it, have it, bag it	Or simmer down with it, bredrin
Throw yourself on the aeroplane	Nothing else but us right now
And fly like magic	And I ain't need nothing else
No sleep, no chance, no need, forget about it	No one else but you and I
One life, live free, big dreams	And it ain't me, it ain't you
We're all about them	It's only us, it's us right now
You're finding it, take it, take it in, it's all here	You're finding it, take it, take it in, it's all here
You and me, no one else, nothing (1) but us	You and me and no one else
(2) now	Nothing else but us right now
And I ain't (3) nothing else	And I ain't need nothing else
No one else but you and I	No one else but you and I
And it ain't me, it ain't you	And it ain't me, it ain't you
It's (4) us, it's us right now	It's only us, it's us right now
You're finding it, take it, take it in, it's all here	You and me, no one else, nothing else but us right here
You and me and no one else	You and I, no one else, nothing else but you and I
Nothing else but us right now	You and I
And I ain't need (5) else	Oh, hard to find the words to tell
No one else but you and I	Oh, the story of you and I, girl
And it ain't me, it ain't you	Oh yeah, even though there's nothing left just
It's only us, it's us right now	You and I, no one else, nothing (9) but you and
You and me, no one else, nothing (6) but us right	You and I
here	Ain't need nothing else -you and I-
You and I, no one else, nothing else but you and I	Yeah, nobody else -you and I-
You and I	You and I, no one else
Time is not a constant my friend	Nothing else but you -you and I-
You can't (7) me out of that one again	
Yeah, like (when) we gave ourselves the bends	
To a land I'll never understand	
Speed it up or if you (8) it, slow it up a little bit	
Just to speed it back up again	

- 1. else
- 2. right
- 3. need
- 4. only
- 5. nothing
- 6. else
- 7. talk
- 8. mean
- 9. else
