

Fill in the gaps

I wanna be drunk when I wake up	You see the (6) of the clip when they light
On the right side of the wrong bed	up
And (1) excuse I made up	Flames just create us
Tell you the truth I hate	Burns don't (7) like before
What didn't kill me	You don't hold me anymore
It never made me stronger at all	On cold days Coldplay's out like the band's name
Love will scar your make-up lip sticks to me	I know I can't heal things with a hand shake
So now I'll maybe leave back there	You know I can't change as I began saying
I'm sat here wishing I was sober	You cut me wide open (8) landscape
I know I'll never hold you like I used to	Open bottles of beer but never champagne
But our house (2) cold when you cut the heating	We'll applaud you with the sound that my hands make
Without you to hold I'll be freezing	Should I, should I?
Can't rely on my heart to beat it	Maybe I'll get drunk again
Because you take part of it every evening	I'll be drunk again
Take words out of my mouth just from breathing	I'll be drunk again
Replace with phrases like when you're leaving me	To feel a little love.
Should I, should I?	All by myself
Maybe I'll get (3) again	I'm here again
I'll be drunk again	All by myself
I'll be drunk again	You know I'll never change
To feel a little love	All by myself
I wanna hold your heart in both hands	All by myself
I'll (4) it fizzle at the bottom of a Coke can	I'm just drunk again
And I've got no plans for the weekend	I'll be drunk again
So shall we speak then	I'll be (9) again
Keep it between friends	To feel a little love
(5) I know you'll never love me like you used	
to.
