

## Fill in the gaps

I (1) be drunk when I wake up	You see the flicker of the clip when (8) light up	
On the right side of the (2) bed	(9)	just create us
And every excuse I made up	Burns don't heal like before	
Tell you the truth I hate	You don't hold me anymore	
What didn't kill me	On cold days Coldplay's out like the band's name	
It never made me stronger at all	I know I can't heal things with a hand shake	
Love will scar your make-up lip sticks to me	You know I can't change as I began saying	
So now I'll maybe leave back there	You cut me wide open like landscape	
I'm sat here wishing I was sober	Open (10)	of beer but never champagne
I know I'll never hold you like I used to	We'll applaud you with the sound that my hands make	
But our house gets cold when you cut the heating	Should I, should I?	
Without you to (3) I'll be freezing	Maybe I'll get drunk again	
Can't rely on my heart to beat it	I'll be drunk again	
Because you take part of it every evening	I'll be drunk again	
Take words out of my mouth just from breathing	To feel a little love.	
Replace with phrases like when you're leaving me	All by myself	
Should I, (4) I?	I'm here again	
Maybe I'll get drunk again	All by myself	
I'll be drunk again	You know I'll never change	
I'll be drunk again	All by myself	
To feel a little love	All by myself	
I wanna (5) your heart in both hands	I'm just drunk again	
I'll watch it fizzle at the bottom of a Coke can	I'll be drunk again	
And I've got no (6) for the weekend	I'll be drunk again	
So shall we speak then	To feel a little love	
Keep it between friends		
Though I (7) you'll never love me like you used to.		
There maybe other people like us
