

There is no such thing as time

## Fill in the gaps

So you're tired but you're alive	Inside this moment, no sun rising
So open up your eyes	Wait until I fly
And you can get your (1) when you are dead	-New horizons-
Kill the clock inside your head	Wait until I fly
Bring your normalcy	-New horizons-
To the edge and watch it drown	When the times keep going wrong
In new horizons, new horizons	And we go right
You said I only had to wait (2) I die	When the times keep going wrong
And that's no time -no time-	And we go right
How did we come to thinking this was funny	-Wait-
Jeering and (3) at the dying	You said I only had to (9) until I die
While we're writing a line in you	-New horizons-
-Wait-	There is no such thing as time
You said I only had to wait until I die	Inside this moment, no sun rising
-New horizons-	Wait until I fly
There is no such (4) as time	-New horizons-
Inside this moment, no sun rising	I need you, now
Wait (5) I fly	-Wait until I fly-
-New horizons-	-New horizons-
(6) until I fly	-Wait until I fly-
-New horizons-	-New horizons-
Sin with the conquest (7)	There is no such thing as time
Flies in with a new quest	Inside this moment, no sun rising
Here's a voice for the voiceless	Wait until I fly
And a (8) for the soulless	When the times keep going wrong
Life flies in	And we go right
-Wait-	We go right
You said I only had to wait until I die	
-New horizons-
