

Fill in the gaps

The way I tend to be by Frank Turner

Some mornings I (1) for evening	You could save me from the way I tend to be
For the day to be done	(15) I've said I love you so many times
Some summer days I hide away	That the words kind of die in my mouth
And wait for rain to come	And I meant it each time
Because it turns out hell (2) not be found	With each beautiful woman
(3) the fires below	But somehow it never works out
But in making do and muddling through	But you stood apart in my (16) heart
When you've nowhere (4) to go	And you (17) me and here's what I learned
But then I (5) you	That love is about of the changes you make
And the way you (6) like truth in all you do	And not just three (18) words
And if you remembered me	And then I (19) myself
You could save me from the way I tend to be	(20) your (21) on
The way I tend to be	(22) else
Some days I (7) up dazed, my dear	In a crowded space
And I don't know where I am	And it takes me somewhere
I've been running now so long I'm scared	I cannot quite place
I've forgotten how to stand	And then I remember you
I stand alone in (8) bars	And the way you shine (23) i
And (9) to think	all you do
(11) if all I had was one (12) road	And if you remembered me
It could drive a man to drink	You could save me from the way I tend to be
But then I remember you	The way I tend to be
And the way you shine like (13) in all you do	The way I (25) to be
And if you (14) me
