

## Fill in the gaps

For once there is nothing up my sleeve	I know we got (16) up slipping
(1) some scars from a life	Through a crowd of (17) and losers
That used to trouble me	But you must not let them take you
I used to run at (2) sight of the sun	They don't know you like I do
Now I lay here waiting for you to (3) up	For (18) there is nothing up my sleeve
The city outside (4) sounds like it's on fire	Just some scars from a life that used to trouble me
You put on new sheets	I used to run at first sight of the sun
The (5) (6) of a	Now I lay here waiting for you to wake up
(7) night	I lay here waiting for you to wake up
I know we stayed up talking in circles	Do you remember when we stayed up
But I like to think the symmetry	Till the sun strikes through the room?
(8) keep me closer to you	I (19) to blame it
For everyone, I'm out to (9) wrong	On the Queens walking down 7th avenue
You keep the light on	(20) been years now since we
The only one, you know me better than the (10)	(21)
	I've (22) through with an excuse
So, despite what (11) done	You know I try not to speak superlatives
I pray to God that we can move on	But it's impossible to you
Because thus far you are the best (12)	The city (23) is nothing but a flicker now
That this life has yet to lose	You see your (24) at bed, you turn out the
And, for once there is nothing up my (13)	(25)
Just some scars from a life that used to trouble me	I start to think (26) make a beautiful
I used to run at (14) sight of the sun	mother
Now I lay here waiting for you to wake up	I, I like to think
I lay here waiting for you to wake up	I've everything I want from this life
So if you gonna leave, if you gonna go	
Lean't (15) sleep without you in my arms
