Make a move by Icon for hire

We don't wanna make a move

We got all us to live screaming in the dark

Fill in the gaps

-Somebody make a move-	While we just play our part
-Somebody make a move, somebody-	I'll play right along
Test my reality	Like I don't know what's going on
Check if there's a weak spot	Somebody make a move
Clinging to insanity	Somebody make a move
Hopes the (1) will ease up	Please somebody make a move
Try to make it look like	We all know, we all know what's going on
It's all somehow getting better	Pointing my fingers the problems still linger
Because I know how to play it (2) good	They keep getting bigger and I hold the trigger
Against the measure	Running with fire I live like a liar
Everyone started out a little insane	Please somebody (4) a move
But you learn pretty quick how to fake it for the game	-Somebody make a move- I'm pointing my fingers
But some of you	-Somebody make a move- The problems still linger
Never learned to drop the act	- Somebody (5) a move- I'm pointing my fingers
So under that skin of yours: a heart attack	Please somebody make a move
Because everybody's so scared	Because everybody's so scared
We don't wanna go there	We don't wanna go there
We don't wanna make a move	We don't wanna make a move
We got all us to live screaming in the dark	Screaming in the (6)
While we just play our part	While we just play our part
l'll play right along	I'll play right along
Like I don't know what's going on	Because everybody's so scared
Somebody make a move	We don't wanna go there
Somebody make a move	We don't wanna make a move
Please somebody make a move	We got all us to live screaming in the dark
We all know, we all know what's going on	While we just play our part
Hey if I had the answers I'd have written them out	I'll play right along
So I could tell you what to do and what this thing is about	Like I don't know what's going on
But all I've ever learned comes second-hand	Somebody make a move
And I dare not preach (3) I don't detent	Somebody make a move
You and I, we share the same disease	Please somebody make a move
Cover up, compromise what we grieve	We all know, we all know what's going on
I've let more than my share of revivals die	Somebody make a move
This isn't pretty but it's what I am tonight	Somebody make a move
Because everybody's so scared	(7) somebody make a move
We don't wanna go there	We all know, we all know what's going on
