

How can I find you			
When you're always hiding from yourself			
Playing hide and seek with me			
Till it (1) too dark			
Too dark, inside your shell			
Why do I even try			
When you take me for granted			
I should know better by now			
When you call I already hear that crashing sound			
As it all (2) down			
It's never too late to turn it back around			
Yeah I know you can			
Don't bury your days deep in the ground			
When it all falls down			
The only way is up, up, up			
The only way is up			
I watch your spirit break			
As it shatters into a million pieces			
Just like glass I see right through you			
In your parade of excuses			
Feels like groundhog day			
You say the same things over and over			
There's that look in your eye			
And I hear that (3) sound			
As it all falls down
