Tattoos on this town by Jason Aldean

There's (1) black marks on that county road	It's everything we're made of
Where we drag (2) our pick ups	It sure left it's mark on us,
And mustangs	We (6) left our mark on it
And weathered on the summer rain	We let the world know we were here
And to this day up on that overpass	With everything we did
Even underneath the new paint, you can still see:	We laid a lot of memories down,
"Allie will you marry me?"	Like tattoo's on (7) town
Take a ride, look around	Like tattoo's on this town
There ain't no doubt	Everywhere, there we are
It sure left it's (3) on us,	It hits me right, in my heart
We sure left our mark on it	It sure (8) it's (9) on us,
We let the world know we were here	we (10) left our mark on it
With everything we did	We let the world know we were here
We laid a lot of memories down	With everything we did
Like tattoo's on (4) town	We laid a lot of memories down,
There's still a rope burn on the old branch,	But we'll always be hanging around
that hangs over the river, I still got the scare	Like tattoo's on this town
From swinging out a little too far	Like tattoo's on this town
There ain't a (5) of this hallowed ground,	
That we ain't laughed or cried on,
