## You'll Never Be Alone by Anastacia

I'll be right there

## Fill in the gaps

The world is changing		you'll (8) be alone
and time is (1)	fast	Through the fire, by your side
it's so amazing how you came into my life		I (9) be there for you so I'm, don't you worry
I know it seems all hope is gone		(and you know, I'll be there)
I know you (2) you can't be strong		you'll never be a alone
and once again the story ends with you and I		heya heyeaaaah
And anytime you feel (3)	you just can't go on	Hold on
just hold on to my love		we can make it through the fire
and you'll never be alone		and my love
Hold on		I'm forever by your side
we can make it through the fire		and you know
and my love		if you should ever call my name
I'm forever by your side		I'll be right there
and you know		oh baby, hold on
if you should ever call my name		Hold on
I'll be right there		(we can make it through the fire)
you'll (4) be alone		we can make it baby
Hopeless to describe		and my love
the way I feel for you		said I'm forever by your side, yeah
no matter how I try		(and you know)
words would (5) do		if you should ever call my name
I looked into your eyes to find		said I'll be, I'll be right there
as long as love is alive		oh, oh, ooooh
there ain't nothing we can't make it through		Hold on
Anytime, or (6) for a while		yeah yeah
don't worry		(we can make it through the fire)
make a wish		yeah yeah
I'll be there to see you smile		oh no
oooh		(my love)
Hold on		I know, and you know (I'm forever by your side)
we can make it throught the fire		yeah yeah yeah yeah yeah
and my love		(and you know)
I'm forever by your side		(if you should ever call my name)
and you know		(I'll be right there)
if you should (7) call	my name
