I never had anything happen so fast	Without a warning
Took one look and I shattered (1) glass	Like night when the (5) begins the day
I guess I let it show	I was swept away
Cause your smile told me you knew	Away, seeing my tomorrow's in your eyes
That you're everything I ever wanted at once	I was swept away
There's no holding this heart	Oo, I hope I wake up soon
When it knows (2) it wants	Oo, I'm a victim of (6) (7) moon
And I never wanted anything more than to (3) you	The very (8) time you said my name
I was swept away	I knew it would never sound the same
No one in the world but you and I	Something about me has changed forever
Gotta find a way	Can't you see I am swept away
To make you feel the way that I do	No one in the world but you and I
I was swept away	Gotta find a way
Without a warning	To make you feel the way that I do
Like night when the morning begins the day	I am swept away
I was swept away	Without a warning
And so it begins	Like night when the morning begins the day
This journey of love	I was swept away
The summer wind carries us to places all our own	Away, seeing my tomorrow's in (9) eyes
The words of a look	Gotta (10) a way
The language of touch	To make you feel the way that I do
The way that you want me means so much	I was swept away
And I never wanted (4) more	Without a warning
Than to love you	Like night when the morning begins the day
I am swept away	I was swept away
No one in the world but you and I	We were swept away
Gotta find a way	Dreaming of you
To make you feel the way that I do	Swept away
I am swept away
