

Couldn't let you cradle my head or stay

## Fill in the gaps

I (1) a (2) for (3)	wide Let you waste your wonderful words
eyes	In my sleep I circled your heart with red ink
And falls high to shut them tight	When I woke you were already hurt
To think I thought I could never lie	Don't let me darken the nights you sleep
To think I (4) you cry	Don't let me into the thoughts you keep
Couldn't let you cover my bones with kisses	See you owe no sympathy to me
Couldn't love you desperately	Let it fall down with the rain
See this one-shot shatters the glass	Let it fall down
Then misses and you (5) reflected in me	Let it fall down with the rain
Don't let me darken the (6) you sleep	Let it fall down
Don't let me into the thoughts you keep	Don't let me darken the nights you sleep
See you owe no (7) to me	Don't let me into the thoughts you keep
A lead weight for you open palm	See you owe no sympathy to me
And a white shirt over your bloody heart	
To think I thought I was all you are	
I was missing from the start
