

## Fill in the gaps

| I'm sitting down here, but hey, you can't see me | But you should be aware                          |
|--|--|
| Your words cut rather deeply                     | But I've (5) to get revenge                      |
| They're (1) some other lies                      | And I swear you'll experience that someday       |
| I'm hiding from a distance                       | I'm sitting down here, but hey, you can't see me |
| I've got to pay the price                        | Kind of invisible, you don't sense my stay       |
| Defending all against it                         | Not really hiding, not like a shadow             |
| I really don't know why                          | Just (6) I would join you for one day            |
| You're obsessed (2) all my secrets               | I'm sitting down here, but hey, you can't see me |
| You always make me cry                           | Kind of invisible, you don't sense my stay       |
| You seem to want to hurt me                      | Not really hiding, not like a shadow             |
| No matter what I do                              | Just thought I would join you for one day        |
| I'm telling just a couple                        | You seem to want to (7) me                       |
| But somehow it gets to you                       | No matter what I do                              |
| But I've learned to get revenge                  | I'm telling just a couple                        |
| And I swear you'll experience that someday       | But somehow it gets to you                       |
| I'm sitting down here, but hey, you can't see me | But I've (8) to get revenge                      |
| Kind of invisible, you don't sense my stay       | And I swear you'll experience that someday       |
| Not really hiding, not like a shadow             | I'm sitting down here, but hey, you can't see me |
| (3) thought I would join you for one day         | Kind of invisible, you don't sense my stay       |
| I'm sitting (4) here but hey, you can't see me   | Not really hiding, not like a shadow             |
| I'm not trying to avoid you                      | Just thought I would (9) you for one day         |
| Just don't wanna hear your voice                 | I'm sitting down here, but hey, you can't see me |
| When you call me up so often                     | Kind of invisible, you don't sense my stay       |
| I don't really have a choice                     | Not really hiding, not like a shadow             |
| You're talking like you know me                  | Just thought I would join you for one day        |
| And wanna be my friend                           | I'm (10) down here, but hey, you can't see       |
| But that's really too late now                   | me   |
| I won't try it once again                        | Kind of invisible, you don't sense my stay       |
| You may think that I'm a loser                   | Not really hiding, not like a shadow             |
| That I don't really care                         | Just thought I would join you for one day        |
| You may think that it's forgotten                |  |
