

Holding on to me

## Fill in the gaps

The battle has just begun	Begging you baby please
You tell me I'm not the only one	Don't leave me alone
Because he's been loving you	Don't leave me alone
And you're all carried away	Lost in a state of imagination
But (1) I can't pretend	Fighting with myself
I'm telling you this s*it has to end	Me and no one else
What are you running to	And I can't win the war
Don't you make me play this game	I can't win the war
(2) killing me	Fighting with myself
Whoa, It's hitting me	Burning in my hell
Everytime you go is bringing me low	And (5) been here before
Stop bringing me low	(6) (7) here before
You know you're not making sense	Why can you look into my eyes and be so cold?
No baby don't keep me on the fence	Why don't wanna be alive if I can't hold?
Because I'm in love with you	Why you don't like this anymore
Just in case you didn't know	Hope I live to tell
Lost in a state of imagination	Fighting with myself
Fighting with myself	Fighting with myself
Me and no one else	I'm (8) with myself
And I can't win the war	Fighting with myself
I can't win the war	I've been through this before
Fighting with myself	And I know know
Burning in my hell	That I can't win the war
And I've been here before	I've been through this before
I've been here before	And I know know
Why can you look into my eyes and be so cold?	That I can't win the war
Why (I) don't wanna be alive if I (3) hold?	Why can you look into my eyes and be so cold?
Why you (4) like this anymore?	Why don't wanna be alive if I (9) hold
Hope I live to tell	Why you don't like this anymore
Fighting with myself	Hope I live to tell
Fighting with myself	Fighting with myself
A knife goes through a heart	Fighting with myself
A look, a kiss, a spark	l'm (10) with myself
Everyone knows the tune	Fighting with myself
But they hope it never plays	
Say you wanna be
