## Little in the middle by Milow

## Fill in the gaps

Part of a circus company
For the fun and death defying
But in time you forgot
life is small in the big top
And your dreams (1) slowly dying
(2) you wanted was not a crime
You could've done it
Now you're always just a little
A little in the middle
A little in the middle
of where you're bound
(3) just a (4) in the middle
It keeps your head from spinning round
it toope your nour norm opining round
Jugglers walk on the wire
Jugglers walk on the wire
Jugglers walk on the wire Lions leap through hoops of fire
Jugglers walk on the wire Lions leap through hoops of fire As the acrobats go flying
Jugglers walk on the wire Lions leap through hoops of fire As the acrobats go flying But what's the show all about
Jugglers walk on the wire Lions leap through hoops of fire As the acrobats go flying But what's the show all about When did your north get turned to south
Jugglers walk on the wire Lions leap through hoops of fire As the acrobats go flying But what's the show all about When did your north get turned to south And the truth turn to lying
Jugglers walk on the wire Lions leap through hoops of fire As the acrobats go flying But what's the show all about When did your north get turned to south And the truth turn to lying What you wanted
Jugglers walk on the wire Lions leap through hoops of fire As the acrobats go flying But what's the show all about When did your north get turned to south And the truth turn to lying What you wanted was not a crime

A little in the middle
A little in the middle
of where you're bound
Always just a little in the middle
It keeps your head from spinning round
It keeps (6) head from spinning
But it's a hole you're digging
A hole you're digging
you're doing it despite
the so much more you're missing
More you're missing
to your (7) and to (8) right
Now you're always just a little
A little in the middle
A little in the middle
of (9) you're bound
Always just a little in the middle
It keeps your head from spinning round
It keeps your head from spinning round
And round, and round
It keeps your head from spinning round
It keeps your head from spinning round (bis x2)
