

## Fill in the gaps

Old man (1) at my life	Run around the same old town
I'm a lot like you were	Doesn't mean that much to me
Old man (2) at my life	To mean that much to you
I'm a lot like you were	I've (16) (17) and last
Old man look at my life	Look at how the (18) goes past
(3) four and there's so much more	But I'm all alone at last
Live alone in a paradise	Rolling home to you
That (4) me (5) of two	Old man take a (19) at my life
Love lost, (6) a cost	I'm a lot like you
Give me things that don't get lost	I (20) to love me the whole
(7) a (8) (9) won't get	day through
ossed	Ah, one (22) in my eyes
Rolling home to you	And you can tell that's true
Old man (10) a (11) at my life	Old man look at my life
I'm a lot (12) you	I'm a lot like you were
I need someone to (13) me the whole day through	Old man (23) at my life
Ah, one (14) in my eyes	I'm a lot like you were
And you can (15) that's true	
Lullabies, look in your eyes
