

That shines as bright as you in my telescope

Fill in the gaps

Vell, I tried to fake it	I tried to let it fade
Baby, I tried to break it	But I can't get away
But that's some kind of (1) you got over me	I (8) hope you're listening
You're a heavenly vision	Because I never thought I would say
Going to make it my mission	I can't help myself from falling in love
Do whatever it (2) to get you with me	From falling in love with you, yeah
Everywhere I go	I can't help myself from taking the drug
Yeah, no one else I know	From taking the drug
That shines as bright as you in my telescope	It's you, yeah
tried to let it fade	It happens every time
But I can't get away	Can't get you off my mind
(3) hope you're listening	And anybody else better wait in line
Because I never thought I would say	I can't help myself (9) falling in love
can't help myself from falling in love	From falling in love with you, yeah
From falling in love with you, yeah	They told me "Son, you'll be addicted"
can't help myself from taking the drug	You stole a kiss
(4) taking the drug	And now I see it
t's you, yeah	You're in my veins
t happens every time	And I can feel it
Can't get you off my mind	Taking over me
And anybody else better wait in line	I can't help myself from falling in love
can't help myself from falling in love	From falling in love with you, yeah
(5) falling in love with you, yeah	I can't help myself from (10) the drug
Every (6) you come calling	From taking the drug
Didn't think I'd be falling	It's you, yeah
Never thought It'd be you	It happens every time
would always needed	Can't get you off my mind
(7) was something to run from	And anybody else better wait in line
was always the last one	I can't help myself from falling in love
That everyone thought would be in this dream	From falling in love with you, yeah
Everywhere I go	
Yeah, no one else I know
