

Fill in the gaps

You've got a fast car		And your arm felt nice wrapped fround my shoulder
I wanna a ticket to anywhere		And I had a feeling that I belonged
Maybe we make a deal		I had a feeling I could be someone, be someone, be someone
Maybe (1)	we can get somewhere	You've got a a fast car
Any place is better		We go cruising entertain ourselves
Starting from zero, got nothing to lose		You still ain't got a job
Maybe we'll make something		Now I work in the market as a checkout girl
Me, myself, I've got nothing to prove		I know things will get better
You've got a fast car		You'll find (3) and I'll get promoted
I've got a plan to get us out of here		We'll (4) out of the shelter
Been working at the convenience store		Buy a bigger house and live in the suburbs
Managed to save just a little bit of money		Say remember when we were driving, driving in your car
Won't have to drive too far		Speeds so fast it felt like I was drunk
Just cross the border and into the city		City lights lay out before us
You and I can (2) get jobs		And your arm felt nice wrapped 'round my shoulder
And finally see what it means to be living		And I had a (5) that I belonged
See my old man's got a problem		I had a (6) I could be someone, be
Live with the bottle, that's the way it is		someone, be someone
He says his body's too old for working		You've got a fast car
His body's too young, to look like his		I've got a job that pays all our bills
When mama went off and left him		You stay out drinking late at the bar
She wanted more from life than he could give		See more of your friends than you do of your kids
I said somebody's got to take care of him		I'd always (7) for better
So I quit school and that's what I did		Thought maybe together you and me'd find it
You've got a fast car		I got no plans and I ain't going nowhere
Is it fast enough so we can fly away?		So take your (8) car and (9) on driving
We gotta make a decision		You've got a fast car
Leave tonight or live and die this way		Is it fast enough so you can fly away?
Say remember when we were driving, driving in your car		You gotta make a decision
Speed so fast it felt like I was drunk		Leave tonight or live and die this way
City lights lay out before us	S
