You were standing with your (1)	_ A little tenderness and truth, I didn't ask for much, no
in the street	Talk about (8) at the wrong place
Falling back on forever	At the wrong time
I wonder what you came to be	Miss Atomic Bomb
I was new in town, the boy with the eager eyes	Making out we've got the radio on
I never was a quitter	You're gonna miss me when I'm gone
Oblivious to schoolgirls' lies	You're gonna miss me when I'm gone
When I look back on those neon lights	Racing shadows under moonlight
The leather seats, the passage rite	We're taking chances on a hot night
I feel the heat, I see the light	And for a second there we'd won
Miss (2) Bomb	Yeah we were innocent and young
Making out, we've got the radio on	The dust cloud has settled, and my eyes are clear
You're gonna miss me when I'm gone	But sometimes in dreams of impact I still hear
You're gonna miss me when I'm gone	Miss Atomic Bomb, I'm standing here
Racing shadows under moonlight	Sweat on my skin
(3) the desert on a hot night	And this love that I've cradled
And for a second there we'd won	Is wearing thin
Yeah, we were innocent and young	But I'm standing here and you're too late
Cast out of the night, well you've got a foolish heart	Your shock wave whisper has sealed your fate
So you took your place	Feels just like a (9)
But the fall from grace was the hardest part	Buried deep in your back
It feels just like a (4)	You run for cover
Buried (5) in your back	But you can't escape the second attack
You run for cover	Your soul was innocent
But you can't escape the second attack	She kissed him and she painted it black
Your (6) was innocent	You should have seen your little face burning for love
She kissed him and she painted it black	-Miss Atomic Bomb-
You should have seen your little face	
Burning for love, holding on for your life	
All that I wanted was a (7) touch
