

Fill in the gaps

You were standing with your girlfriends in the street		A little tenderness and truth, I didn't ask for much, no
Falling back on forever		Talk about being at the wrong place
I wonder what you came to be		At the wrong time
I was new in town, the boy with the eager eyes		Miss Atomic Bomb
I never was a quitter		Making out we've got the (5) on
(1) to s	choolgirls' lies	You're gonna miss me when I'm gone
When I look back on those neon lights		You're gonna miss me when I'm gone
The leather seats, the passage rite		(6) shadows under moonlight
I feel the heat, I see the light		We're taking chances on a hot night
Miss Atomic Bomb		And for a (7) there we'd won
Making out, we've got the radio on		Yeah we were innocent and young
You're gonna miss me when I'm gone		The dust (8) has settled, and my eyes are clear
You're gonna miss me when I'm gone		But sometimes in dreams of impact I still hear
Racing shadows under moonlight		Miss Atomic Bomb, I'm standing here
Through the desert on a hot night		Sweat on my skin
And for a second there we'd won		And this love that I've cradled
Yeah, we were innocent and young		Is wearing thin
Cast out of the night, well you've got a foolish heart		But I'm standing here and you're too late
So you took your place		Your shock wave whisper has sealed your fate
But the fall from grace was the hardest part		Feels just like a dagger
It feels (2) like a (3)		Buried deep in your back
Buried deep in your back		You run for cover
You run for cover		But you can't escape the second (9)
But you can't escape the second attack		Your soul was innocent
Your soul was innocent		She kissed him and she painted it black
She kissed him and she painted it black		You should (10) seen your little face burning for
You should have seen your little face		love
Burning for love, (4)	on for your life	-Miss Atomic Bomb-
All that I wanted was a little tou	ıch
