## Fill in the gaps

High in the sky,

| The sun will shine in time,                  |
|--|
| I'll be paying my fees                       |
| A long sad (1) holds still                   |
| while you are looking at me                  |
| Now turn around and                          |
| you'll see we are doing just fine            |
| as it goes and                               |
| it flows and it (2) just down your spine     |
| High in the sky,                             |
| where the tears are getting dry,             |
| (3) am I?                                    |
| High and off my mind,                        |
| While the world just seems to fade,          |
| I'll be coughing out my lines.               |
| From one to ten the magic (4) is rehab       |
| If you want it that much you can             |
| held yourself a cab                          |
| I rather (5) here keep building all my walls |
| Out of pack of (6)                           |
| and gallons of alcohol                       |
| And I (7) you luck,                          |
| guess I wish you luck,.                      |

| Where am I? High and off my mind, While the world just seems to fade, I'll be coughing out my lines. Guess I wish you luck, guess I wish you luck. High in the sky, where the tears are getting dry, Where am I? (8) and of my mind, While the (9) just seems to fade, I'll be coughing out my lines. High in the sky, where the tears are getting dry, I'll be coughing out my lines. High in the sky, is (10) I will see you one more time | where the tears are getting dry,     |
