Fill in the gaps

View (from an airplane window) by The Monomes

It feels so strange to be out of place	is lost inside my secrets
When you (1) you're breathing in different air	I miss you
I search for feelings that I try to trace	I try to find you in my suitcase
With a gin and tonic rocking in my chair	My memories are
The taste can spread	locked inside a box
but I know you aren't there	and there's a key (7) would open it
And I'll hide myself in a bottle of beer	is lost inside my secrets
'Cause my (2) are	I miss you
locked inside a box	I try to find you in my suitcase
and there's a key (3) would open it	Cerulean sky torn (8) like a drum
is lost inside my secrets	like a strum like a tear of my soul
I miss you	The man (9) still with his mind aware
I try to find you in my suitcase	(10) my memories are
The sun is gone, but the (4) still burns	locked inside a box
The view up here	and there's a key that would open it
makes me be the clear	is lost inside my secrets
Let me shake my ball	I miss you
and you (5) (6)	I try to find you in my suitcase
Although I think tonight	My memories are
I might be sleeping here	locked inside a box
Cerulean sky torn apart like a drum	and there's a key that would open it
like a strum	is lost inside my secrets
like a tear of my soul	I miss you
The man stood still with his mind aware	I try to find you in my suitcase
'cause my memories are	
locked inside a box	
and there's a key that would open it
