## If you ever come back by The Script

f you're standing with your suitcase	That you haven't taken
But you can't step on the train	And I wish you could give me the cold shoulder
Everything's the way that you left it	And I wish you can still give me a hard time
still haven't slept yet	And I wish I could still wish it was over
And if you're covering your face now	But even if wishing is a waste of time
But you just can't hide the pain	Even if I never cross your mind
Still setting two plates on the counter	I'll (8) the door on the latch
But eating without you	If you ever come back, if you ever come back
f the truth is you're a liar	There'll be a light in the hall and the key under the mat
Then (1) say that you're okay	If you ever come back
'm (2) on your side of the bed	There'll be a smile on my face and the kettle on
Going out of my head now	And it will be just like you were never gone
And if you're up and trying to (3) on	There'll be a light in the hall and the key under the mat
But something pulls you back again	If you ever come back, if you ever come back now
m sitting here trying to persuade you	Oh, if you ever come back, if you ever come back
like you're in the same room	If it's the fighting you remember
And I wish you could give me the cold shoulder	Or the little things you miss
And I (4) you could still give me a hard time	I know you're out there somewhere
And I wish I could still wish it was over	So just remember this
But even if wishing is a waste of time	If it's the fighting you remember
Even if I never cross your mind	Or the little things you miss
Il leave the door on the latch	Oh just remember this, oh just remember this
f you ever come back, if you ever come back	I'll (9) the door on the latch
There'll be a light in the hall and the key under the mat	If you ever come back, if you ever come back
f you ever come back	There'll be a light in the hall and the key under the mat
There'll be a smile on my face and the kettle on	If you ever come back
And it will be just like you (5) never gone	There'll be a smile on my face and the (10)
There'll be a light in the hall and the key under the mat	on
f you ever come back, if you ever come back know	And it will be just like you were never gone
Oh if you ever come back, if you ever come back	There'll be a light in the hall and the key under the mat
Now they say I'm wasting my time	If you ever come back, if you ever come back now
Because you're never (6) home	Oh, if you ever come back, if you ever come back
But they used to say the world was flat	And it will be just like you were never gone
But how wrong was that now?	And it will be just like you were never gone
And by leaving my door open	And it will be just like you were never gone
'm risking everything I own	If you ever come back, if you ever come back know
There's (7) I can lose in a break-in	

- 1. just
- 2. sleeping
- 3. move
- 4. wish
- 5. were
- 6. coming
