

## Fill in the gaps

| Oh, I could bore you with the truth               | But the whole thing feels like an exercise    |
|---|---|
| About an uneventful youth                         | I'm trying to be someone I would (20) not be  |
| Or you could get that rap from someone else       | I'd try to second guess                       |
| And I could make an observation                   | If you (21) be approving                      |
| If you are the voice of a generation              | I find my life ever so moving                 |
| But (1) too self-absorbed to give it clout        | Keen wide-eyed and unassuming                 |
| And I, I don't really care about anybody else     | No hope -Ok-                                  |
| (2) I haven't got my own life figured out         | There is no hope                              |
| (3) you're (5)                                    | (22) there's desperately                      |
| and bored and 24                                  | No hope, (23) there's definitely              |
| And don't know who you are, nobody's no hope      | No hope, if you don't believe me              |
| And (6) (7) to come of age                        | Yeah there is no hope                         |
| I think it's a problem                            | When there's desperately                      |
| As I never go away                                | No hope, when there's definitely              |
| And no, I am so self-obsessed I guess             | No (24) but if you don't (25)                 |
| But there's no hope                               | me oh   |
| But I hope it's just a phase                      | But I, I don't really care about anybody else |
| Or I'll grow                                      | When I (26) got my own life figured           |
| Oh, I could look for inspiration                  | out   |
| Find it in the track on an (8) station            | Because when (27) 24 and young and            |
| But weren't that be cheap and ill-informed?       | bored   |
| And I could bet you don't believe me              | And don't know who you are nobody's no hope   |
| If I share a cape (9) deep (10) me                | And (28) hard to come of age                  |
| But I promise you (11) telling you the truth      | I think it's a problem                        |
| And I, I (12) really care about anybody           | As I never go away                            |
| else  | And no, I am so self-obsessed I guess         |
| (13) I haven't got my own (14) figured            | But there's no hope                           |
| out   | But I hope it's (29) a phase                  |
| Because when you're 24 and young and bored        | Or I'll grow                                  |
| And don't know who you are nobody's no hope       | There is no hope                              |
| And it's hard to come of age                      | I know it's a problem                         |
| I think it's a problem                            | It never goes my way                          |
| As I never go away                                | I know I am so self-obsessed I guess          |
| And no, I am so self-obsessed I guess             | But there's no hope                           |
| But (15) no hope                                  | But I hope it's just a phase                  |
| But I hope (16) a phase                           | Or I'll grow                                  |
| Or (18) grow                                      |   |
| Well I wish (19) I was comfortable in my own skin |   |
