Fill in the gaps

We come running by Youngblood Hawke

We come (1)	Soon they're going to hear the sound
We come running	The sound, the sound
We come running	When we come running
We come running	Never go where we belong
(2) a pale blue sky	Echoes in the (7) of dawn
You never felt so cold	Soon they're going to know the sound
Another sleepless (3)	The sound, the sound
How could you ever let go	(8) we come running
How do you recognize	The sound, the sound, the sound
The dirty face of gold	When we come running
Behind that crooked line	Days go by
Where you never knew you'd go	Feeling broke and tired
Headed for the open door	Remember, always remember
Tell me what you're waiting for	The sound, the sound, the sound
Look (4) the great divide	When we come running
Soon they're going to hear the sound	The sound, the sound, the sound
The sound, the sound	When we come running
When we come running	Headed for the open door
Never go where we belong	Tell me what you're waiting for
Echoes in the dead of dawn	Look across the great divide
Soon they're going to know the sound	Soon they're going to hear
The sound, the sound	The sound, the sound, the sound
When we come running	When we come running
The sound, the sound	The sound, the sound, the sound
(5) we come running	(9) we come running
When the world's gone quiet	The sound, the sound, the sound
I see you dancing slow	When we come running
Feeling satisfied	When we come (10)
Where you never knew you'd go	When we come running
Headed for the open door	
Tell me what you're waiting for
