Forever by Haim

Hey you, hey you

Fill in the gaps

Hey you	Can't you make (5) sane
Remember me	I know, I know, I know
Remember love	You ain't the one to play the game
Remember trying to stay together, my time	Now I know I'm never gonna go your way
You took it all	If you go, now I know, I know, I know, I know
You tried to see	Forever we tried to make it right
You tried to (1) yourself up without involving me	But together we saw the end in sight
It isn't fair	I'm tired of fighting the good fight
To have your way	If you say the word then I'll say goodbye
To try and get up	Forever I see you and me
And go now (na na na na na) can't you see	Forever I'll try for you and I
It isn't fair	No I never believed in (6) insight
To have your way	Just another good (7) to get it right
But I'm (2) to get your attention	Go, go, go, get out, get out of my memory
I need you to know that	No, no, not tonight I don't have the energy
Hey you, hey you	Go, go, go, get out, get out of my memory
Can't you (3) this sane	No, no, no, not tonight, oh not tonight, oh not tonight
I know, I know, I know	Forever we tried to make it right
You ain't the one to play the game	But together we saw the end in sight
Now I know I'm never gonna go your way	I'm tired of fighting the good fight
If you go, now I know, I know, I know, I know	If you say the word then I'll say goodbye
Forever we tried to make it right	Forever I see you and me
But together we saw the end in sight	Forever I'll try for you and I
I'm tired of fighting the good fight	No I never believed in their insight
If you say the word then I'll say goodbye	Just another good reason to get it right
Forever I see you and me	Forever we tried to (8) it right
Forever I'll try for you and I	But together we saw the end in sight
No I never believed in their insight	I'm tired of fighting the good fight
Just another (4) reason to get it right	If you say the word then I'll say goodbye
I don't	Forever I see you and me
Wanna turn around	Forever I'll try for you and I
So come on baby	No I never believed in their insight
Come on and try to let it out	Just another good reason to get it right
Let go	Forever we (9) (tried, tried, yeah)
We're still the same	Forever we tried (tried, tried, yeah)
So come on baby	Forever we tried (forever, (10) we tried)
Trigger the sound to figure it out	Forever we tried (forever, forever we tried)
Let's get back to were we started out
