

Fill in the gaps

Hey you	Can't you make this sane
Remember me	I know, I know, I know
Remember love	You ain't the one to play the game
Remember trying to stay together, my time	Now I (15) I'm never (16) go your
You took it all	way
You (1) to see	If you go, now I know, I know, I know, I know
You tried to (2) yourself up without involving me	Forever we tried to (17) it right
lt isn't fair	But together we saw the end in sight
To have (3) way	I'm tired of fighting the good fight
To try and get up	If you say the word then I'll say goodbye
And go now (na na na na na) can't you see	Forever I see you and me
It isn't fair	Forever I'll try for you and I
To have (4) way	No I never believed in their insight
But I'm (5) to get (6) attention	Just (18) good (19) to get it
I need you to know that	right
Hey you, hey you	Go, go, go, get out, get out of my memory
Can't you make (7) sane	No, no, no, not tonight I don't have the energy
I know, I know, I know	Go, go, go, get out, get out of my memory
You ain't the one to (8) the game	No, no, no, not tonight, oh not tonight, oh not tonight
Now I know I'm (9) gonna go your way	Forever we (20) to make it right
If you go, now I know, I know, I know	But together we saw the end in sight
Forever we tried to make it right	I'm tired of fighting the good fight
But together we saw the end in sight	If you say the word then I'll say goodbye
I'm tired of fighting the (10) fight	Forever I see you and me
If you say the word then I'll say goodbye	Forever I'll try for you and I
Forever I see you and me	No I never believed in (21) insight
Forever I'll try for you and I	Just another good reason to get it right
No I (11) believed in their insight	Forever we tried to make it right
Just another (12) reason to get it right	But together we saw the end in sight
I don't	I'm (22) of fighting the good fight
Wanna (13) around	If you say the word then I'll say goodbye
So come on baby	Forever I see you and me
Come on and try to let it out	Forever I'll try for you and I
Let go	No I never (23) in their insight
We're (14) the same	Just another good reason to get it right
So come on baby	Forever we tried (tried, tried, yeah)
Trigger the sound to figure it out	Forever we tried (tried, tried, yeah)
Let's get back to were we started out	Forever we tried (forever, forever we tried)
Hey you, hey you	Forever we tried (forever, (24) we tried)
